Dear Troops:

As Americans living the uniquely wonderful American Dream to its fullest, the Nugent family wishes to express our deepest appreciation to the Warriors of Freedom, the heroes of the U.S. Military, for being the greatest soldiers in the history of the world. Your courageous sacrifices to dog the evil voodoo monsters over there, so we don't have to fight them over here, is the grandest display of good over evil any person could hope for.

We who understand the price of liberty salute you all, and wish you Godspeed, victory and a safe return to your families and your own American Dream. God bless you all.

Thank you American Blood Brothers,

Ted Nugent and family
